Madam Executive Director,

I was recipient of the attached letter dated 26 August 2021 which was addressed by the lawyer of the International Association for an Independent and Benevolent Scientific Medicine (AIMSIB), the National League for the Freedom of Vaccinations (LNPLV) as well as the BonSens.org association, expressing concerns regarding several legal matters linked to the respect of imperative deadlines resulting from European regulations, from the Annex II of each conditional marketing authorisation (MA) included in the European Public Assessment Report (EPAR) of the different anti-covid-19 vaccines.

Since the present case deals with medicinal products benefiting from centralised MA granted by the European Commission, MA applications, requests for variations as well as requests for their renewal are submitted by the applicant to the European Medicines Agency (EMA) for assessment.

Therefore, I am forwarding this request so that you can provide him with the seeking answers.

Best regards.

Dr C. [REDACTED] ATIGNIER-CARBONNEIL
